

# Legacy of

# LIBERTY

WITH STAN EVERITT

**5-WEEK SERIES • JUNE 3RD - JULY 1ST**

The Legacy of Liberty series explores colonial era history in a way that emphasizes how a generation of Nation Builders set forth a group of Principles that became the framework for the creation of the United States of America. Our lessons focus on how they went about this task, what influenced their thinking, and the contrasts between our American perspective and other societies of that time and throughout history.

Today, we enjoy the Legacy of Liberty left to us and perpetuated by our ancestors, so understanding the magnitude of this Legacy is important. However, understanding the process of building a legacy based on beliefs and principles can be applied to each of our lives, which can have a tremendous influence on us individually as well as others we encounter. Please join us as we wind down the summer.
